TESTIMONIAL

Dear Sir/Madam,

This is to certify that Khoo Teng Jin was hired as an Analytics Intern with the People Department from 2 June to 31 December 2025.

I had the pleasure of working with Teng Jin during his internship, where he supported our team in data analytics.

During his tenure, he supported the team in producing data analytics and insights related to talent acquisition and attrition. This included preparing and analyzing data for the Annual HR Report, as well as generating regular analytics and dashboards to support monthly business reviews and regional management meetings. His contributions helped the team better track workforce trends and support data-informed discussions.

Teng Jin consistently demonstrated a pleasant and professional demeanor and quickly became a valued member of the team. What stood out most was his proactive approach to work as he was always looking for better and more efficient ways of doing things and approached challenges with a strong can-do attitude. Beyond his core responsibilities, he was willing to step in wherever support was needed and contributed meaningfully to the team's work.

He integrated very well with colleagues across the team and was always reliable, thoughtful, and committed to delivering quality work. I am confident that he will continue to do well in his future endeavors.

Should you need further information, please do not hesitate to contact me at 9695 0927.

Thank you.

Yours faithfully

Lyn Teo (Ms)
